In case some project related queries, please follow the following process.

1. For your project, create one "non personal email" id, with **<u>no personal details, no person names</u>**, just x_y_z_a_b@gmail.com, where x, y, z are rollnumbers only.
2. Use the url https://bit.ly/2EAeq4u
   a. Sign in with the above non personal emaild
   b. Enter rollno
   c. Attach the screen shot (word, excel or image), in terms of attachment.
   d. Then submit
   e. Still doubt? From this non personal emailed send a mail to
      dacaug2019projectadventures@gmail.com
3. If it makes sense, consider the following
   i. Use git hub
   ii. Ensure pocs are done before you start the actual project.
   iii. Written "script" for basic questions in java oops, ds, exception handling
   iv. People should be able to code some part of the project in the interview….
4. **Treat everything like an opinion** and do what you feel is ok for you.
